Size and Fitting Advice:

All students are encouraged to check out our Size Guide and Fitting Advice on the website or visit our Retail Store for a Fitting Session before purchasing as this reduces the need for exchanges and returns. There are a few ways to find the best fit and size;

- **Compare commonly worn garment to the Size Chart**

For online order you may find it helpful to use our Size Guide by comparing a similar garment you already own to the product measurement listed on our size chart.

- **Use our Size Recommender**

Each product on the website, there is a size generator system – “Find My Size” for you to input your body measurements. The system will recommend a size that students like yours (similar body measurement) would purchase as a reference.

- **Visit our Retail Store for a Fitting Session**

The best way to find the most suitable size is to visit our retail store in Lai Chi Kok for a fitting session. By making one trip to our retail store, you can minimize the inconvenience of having to go through the return and exchange process and are able to try on all our sizes in use as reference for future purchase.
